

## Cross Border Community Eye Health Care Report 2019( July to September)

### 1.Introduction

During the raining season we did not have eye mission in karen state, not easy to travel in jungle village. I have only visit American and we building new operation room in HQ They bay tar.

1 .July four arrive America -Visit state Alaska ,North corolina,New York ( Utica,Syriscuse) Minnesota ( Austin) Wisconsin ( Milwaukee) Indiana ,Chicago ,Illinois and Omaha, visit USA one month and twenty day ,back Thailand in august 25 / 2019.This years visit many of karen church in America and explain about our eye activity in karen state, more people understand the eye program. this years karen community in Milwaukee they have special give honour to me and they have speak to young people.

2 . During this three month we have new operation room building in they bay tar we already finished. in September 24-2019 we have opening ceremony and the same time we have eye consultation. This time in our new clinic they bay tar we saw many patient come. some of patient came very far.

September 9 to 14 we give primary eye care training to (CHW) community health worker total students 54 people.

3 .The eye department we have more activity in karen state because the community no more eye program and we getting more patient when we have clinic, in our finding we have discovered that many of our patient have eye problem, they do not have the money for treatment and transportation, to go to the centre hospital that is why we have set up treatment programs in our state.
