

**Cross Border Community Eye Care Program Free The Oppressed Report 2022 May**

The community eye care program, Free The Oppressed—the eye mission in Karen state continues work along Thai and Burma border. Due to so many obstacle inside Burma to be able to work we have to transform our self to missionary to lunch the eye mission in the Thai side. We have a plan to go to the refugee camp and we are in the discussion stage, but currently we can organize our first eye mission from the Thai side at Pastor Ademal church. We continue our program as we could to provide eye care for the patient. The eye activity will continue their work as we could and will never stop because our patient keeps coming from far to receive the treatment.

This year in May, we planned to organize the eye mission at Bridget 5, Emergency Health Center Hospital requested by their health team. However, a day before the mission, the wind and rain destroyed their building so our mission has to be canceled. But we still target their place and the mission will happen after the hospital rebuild.

(1) Eye Mission Schedule May- 2022 (Rejected)
